GLOBAL SRI LANKAN FORUM
Executive Committee

MIDDLE EAST | EUROPE | AUSTRALIA | NORTH AMERICA

01st May 2019,

HE The President of Sri Lanka
Hon. Prime Minister of Sri Lanka
Hon Opposition Leader of Sri Lanka
Speaker of the Parliament of Sri Lanka

Dear Hon. Sirs,

Revamp National Security and restore Peace, Law and Order in Sri Lanka

We, the Global Sri Lankan Forum- Executive Committee, GSLF-Ex. Comm. would like to share the sorrow and sympathy with all Sri Lankans at this fateful hour in our Motherland. It is unfortunate that we, as a nation could not save the innocent lives of our fellow Sri Lankans and foreigners who were victims of the carnage.

The Global Sri Lankan Forum – Executive Committee had highlighted to the top senior members of the Sri Lankan administration about the looming extremism coupled with separatism of the LTTE Tamil terrorism at our meetings with some of you and by the correspondence we exchanged. We believe too much emphasize that had been given to the so called “reconciliation” over the national security and too much favors had been extended to the minority politicians for the sake of six parliament votes which had to be re- paid by the high price of 300 lives.

Australia, Canada, United Kingdom, France, Germany, Israel, Italy, Ireland, Korea, Kuwait, Poland, Russia, Singapore, Sri Lanka, Switzerland, Sweden, United Arab Emirates

Further to foregoing and appreciating the action taken to the ban two extremist organizations, and burka the GSLF- Executive Committee strongly request following very important suggestion to be implemented by Sri Lankan government with **immediate effect**:

1. Unconditionally release all the military and intelligence officers who were taken into custody to satisfy pro-LTTE terrorist TNA, Tamil diaspora and so called International community,
2. Ban following media and websites that influences terrorism, racism and extremism.
 - a. <https://www.tamilnet.com/>
 - b. Peace TV
 - c. Any other to be found out by intelligence services.
3. Prohibit following organizations and classify them as terrorist organizations.
 - a. ACTJ – All Ceylon Thowheedh Jamaath
 - b. SLTJ - Sri Lanka Thowheedh Jamaath
 - c. CTJ - Ceylon Thowheedh Jamaath
 - d. IRO – Islamic Research Organization
 - e. JAMATHE MUSLIMEEN and similar extremist organizations
 - f. Dhaula Islamia
4. All madrasas should be registered under Ministry of Education and syllabus should be governed, closely monitored and controlled by ministry.
5. Stop the proposed sharia university in East of Sri Lanka and convert it to a National university. In future such religious universities if allowed to function would breed radicalized youth and extremism under the cloak of education.
6. Bring all international private schools under the supervision of Ministry of Education with strict control over the syllabuses and standards.
7. Establish new military camps and necessary intelligence network in the concerned areas where extremist risks have been identified.

8. Ensure proper investigation and impose **maximum punishment on** ex - Defense secretary, IGP and other related officers for working irresponsibly and ensuring public security. This will send out the message that the government officers should always act responsibly on their and the neglect of duty will lead to serious consequences.
9. Deport all foreign refugees who are presently in Sri Lanka from other countries as soon as possible.
10. Ban any form of Wahabi teachings, education, other activities and enact new laws to curb such extremism.
11. Ensure protection to historical Buddhist sites, specifically in the North and the East.
12. Prohibit Sharia Law and related institutions, courts etc. Impose one law to the whole country.
13. Immediately commence criminal investigation against Muslim Parliamentarians who help to propagate extremism and terrorism in Sri Lanka.
14. Enact laws to monitor all inflow of financial grants to all religious institutions.
15. Immediately reveal the contents of the MCC agreement which was signed in the aftermath of the terrorist attacks and for which USD 480million was received.

We, **GSLF-Executive Committee**. Would like to strongly emphasize that government should have close coordination with the opposition of the parliament to restore the national security of our motherland to the highest level which was in in pre- January 2015.

Thanking You,

The Global Sri Lankan Forum – Executive Committee
