11th May 2019,

Mayor Jim Watson & The Councillors

City of Ottawa

City Hall

100 Queen St. W.

Toronto, ON

M5H 2N2

Canada

Your Worship Jim Watson & Councillors and people of Ottawa

To Falsify Facts and Mislead the City Of Ottawa To

Declare May 18, 2019 as The ‘Tamil Genocide Remembrance Day’

We are indeed perplexed to understand how a great city and her councilors have been taken for long ride by the supporters of the LTTE Tamil Tiger terrorists, the world most ruthless terrorist organization. The supporters of the Tamil Tigers in Toronto had either had been smart enough to pull the wool over the councilors' eyes or had taken action to vow a candle to the them.

Sri Lanka's war was against the TAMIL TIGERS' TERRORISM and NOT TAMILS who are a main ethnic group with a population of around 2.5 million. The Tamil live in many parts of the country and Tamil Language is one of the official languages and all main Sri Lankan state records are published in Tamil too. How could the Sri Lankan Tamils have been subjected to a genocide with a thriving Tamil population in Sri Lanka today?

Australia, Canada, United Kingdom, France, Germany, Israel, Italy, Ireland, Korea, Kuwait, Poland, Russia, Singapore, Sri Lanka, Switzerland, Sweden, United Arab Emirates

“Genocide” means deliberate killing of a very large number of members of an ethnic group, which never happened in Sri Lanka except in the jaundiced eyes of the propagandists who are attempting to carve out a racist Tamil state in Sri Lanka, small island of 25,000 Sq. Miles. Tamil Tigers fought Sri Lankan forces for nearly 30 years killing innocent civilians using suicide bombers among whom were many child soldiers. In fact it was the LTTE who killed and maimed the largest number of Tamils. In the final war in 2009, over 350,000 Tamil civilians who were kept as cannon fodder by the LTTE terrorists were rescued by the Sri Lankan forces which was published and televised in main stream media. It was the Sri Lankan government which launched a massive rehabilitation and reconstruction program enabling the Tamil civilians to live a peaceful life after the LTTE's destructive war.

Your Worship and the Councilors should have the wisdom to examine and investigate the accuracy of the propaganda marketed by the separatist terrorist groups and you had a golden opportunity to hear the opinions of other Sri Lankan ethnic groups in your city before rushing in to sell the pass.

We unreservedly condemn your foolish decision to **Declare May 18, 2019 as The ‘Tamil Genocide Remembrance Day’** and would wish to reiterate that Sri Lankan government put a stop to the dastardly acts of Tamil Tigers a.k.a LTTE which is a banned organization under UN terrorism regulations and liberated 21 million Sri Lankans including the Tamils from the specter of terrorism.

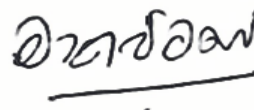

Please DO NOT exchange the truth for vote banks.

Thanking You,

The Global Sri Lankan Forum – Executive Committee
