### **PRESS STATEMENT**

Dear Sir,

#### **RESPONSE TO THE 13 CONDITIONS OF THE TNA**

The Tamil National Alliance on 15.10.2019 had laid down their conditions for the Presidential candidates with the promise to support them if their conditions are accepted.

Sinhaladeepa Jathika Preamuna clearly states that these conditions are based on the earlier Thimpu conditions proposed by the Tamil political party delegation including the LTTE in 1985 but rejected by the then government delegation. Since then these conditions surfaces from time to time under different political conditions. Even this time some leading candidates appear to have rejected them with the fear of loosing votes.

However, the truth is that all political parties except the SJP accept that there are Tamil grievances and need to be addressed in order to solve the so called National Question through a new Federal Constitution and other issues such as the system of election.

But so far no political party or any other organization including Sinhala nationalist organizations have come with an alternative proposals on behalf of the Sinhala people. Therefore, Sinhala Jathika Peramuna proposes the following 13 conditions in order to solve the National question to address the Sinhala grievances since 1815. These Sinhala grievances are still not in the public domain because the main stream political parties during past few decades have created a public opinion that talking about Sinhala grievances is racism hence even the leading Sinhala organizations including leading Buddhist monks are somewhat reluctant to propose any conditions on behalf of the Sinhala people. Therefore, Sinhala Jathika Peramuna, the only political party with a Sinhala name and an aim to safeguard the historical rights of the Sinhala people have come up with the following conditions and with the concept of a new Sinhala Constitution to solve the National question in order to reestablish the historical rights of the Sinhala people lost in the year 1815.

## **POLITICAL SOLUTION TO THE NATIONAL QUESTION**

- (02.) Sinhaladeepa should be declared as the homeland of the Sinhala people.
- (03). Sinhaladeepa should be declared a Sinhala State.
